LASER LIGHTING

Model	NAB-F30 / F50	Minimum characters	0.1mm
Laser output power	30 W / 50 W	Marking character type	All metals, alloy, oxide, electroplate, metal coating film, ABS, Epoxy, printing ink and engineering plastic, etc
Laser wavelength	1064nm	Cooling system	Air cooling
Pulse width	Fixed or adjustable (Optional)	Total power	≥1000W
Marking area	200 x 200 mm / 300 x 300 mm	Electricity demand	220V/ 50-60HZ
Repetition rate	20-1000KHz Depends on the laser range	Environment	Clean, Dust-free, No vibration, 13° C-28°C, Humidity 5%-75%
Maximum line speed	<12000mm/s	Package Weight	50 kg
Minimum line width	0.006mm
