

Solar traffic sign DATA SHEET

Shell material	aluminum plate
Aluminum plate thickness	1.2mm
Reflective film	engineering grade reflective film/3M reflective film
Size	600*600mm
Shape	square
Solar panel	12V/7w monocrystalline silicon
Battery	12v/5ah
Working temperature	-25℃~+75℃
Visual distance	1000m
Working mode	charging during the day, working at night, flashing
LED color	Yellow
LED quantity	66pcs
LED type	Ultra bright LED
Waterproof:	IP68
Installation	Hoop installation
Text	support customization
